

# SizingChart

Our products offer great body contour and fit helping athletes being comfortable before, during and after a race or a training session. All of the Measurements are in Inches. This information is for reference purposes only, and does not guarantee individual fit by dimension or preference. Our Jerseys are available in 3 different fits; club, race and Women specific. The “club” fit is more relaxed and runs true to size - Recommend it for recreational riders.

The “race” fit is designed to be worn close to the rider’s body without inhibition of movement. There is no loose fabric to flap to cause friction - Recommend race fit for serious athletes and for competitive cyclists.

The “women specific” fit is design to fit to the contour of a women’s body (One single cut available).

Our Jackets and Vests have a “race” cut - if you are using a club jersey we recommend increasing the size on your Jacket or Vest. If you are using a “women specific” size we recomend using the same size on your Jacket and Vest. These items have lycra panels so if you like a snug fit, you can even order one size down from your measurements (We only recommend these for thin/small riders) All of our accessories are Unisex (Club Cut) Our Socks come in 2 different sizes (S/M and L/XL); the cuff can be ordered with a length of 6 cm (Standard) or 12 cm (Euro). Children unisex sizes (8 through 16) are also available! Only in Club Cut! Fit kits are available upon request. Credit card information is required for sending fit kits.
